March Newsletter

Dear Friend of NCLC,

After this long winter, there are few things more welcome than the evening **chorus of spring peepers**.

Land conservation helps protect the special places that spring peepers, and other amphibians, need to survive. **But Connecticut is not on track to meet its land conservation goals**, and there is an urgent need to accelerate the pace of conservation.

Community-supported land trusts are essential to Connecticut's conservation future. And, you can help NCLC triple its pace of conservation by **becoming a member**.

More than 90% of NCLC's funding comes from individuals and families, just like you. Your membership support bolsters a legacy of conservation that is now 13,000 acres and growing. Thank you, and stay tuned for more to come!

With gratitude,

A handwritten signature in blue ink that reads "Catherine". The script is elegant and cursive, with a large initial "C".

Catherine M. Rawson
Executive Director

Natural Lands Need Your Help

Connecticut is not on track to meet its land conservation goals.

NCLC is taking action by tripling its pace of conservation. With your support, we will protect another 2,500 acres by 2025.

Help us get there by donating to NCLC through Give Local this April. All gifts made through the Give Local website are 100% tax-deductible and will be boosted by CCF and local sponsors.

Job Opportunities

NCLC is hiring and we hope you will join our team. NCLC welcomes people of all backgrounds, identities, and beliefs to join us in achieving our mission to protect the lands and waters of Northwest Connecticut

forever. **To apply for an open position, please visit our Job Opportunities page.**

Northwest Connecticut Land Conservancy is a nonprofit regional land trust and the largest land trust in the state. As a guardian of natural and working lands, public recreation areas, and drinking water resources, NCLC permanently protects 13,000 acres (and growing) of vast, connected natural areas in Litchfield and northern Fairfield Counties.
